# FOSTER CARERS' CHARTER

# ROLES AND COMMITMENT

The foster carers' charter represents a commitment on behalf of the placing authority in its role as the corporate parent, the fostering service and the foster carer to work in partnership in the best interests of the children for whom they care. It is a promise, owned by everybody involved, to strive for best practice at all times.

## *The corporate parent's role*

The role of the corporate parent when placing and supporting children in a foster home is to:

- act in their best interests, and promote their physical and mental health and wellbeing
- encourage them to express their views, wishes and feelings and take them into account
- help them to gain access to, and make the best use of, services provided by the placing authority and its relevant partners
- promote high aspirations, and seek to secure the best outcomes for them
- ensure that they are safe, and that there is stability in their home lives, relationships and education or work
- prepare them for adulthood and independent living

## *The fostering service's role*

The fostering service aims to provide stable and first rate foster care for children who are valued, supported and encouraged to grow and develop as individuals. To achieve this aim the service recruits, trains and approves foster carers and delivers ongoing support to them, in order to give them the skills and confidence they need to develop meaningful relationships with the children and young people they care for. In this way the service provides stable and loving homes while the children are part of the foster family.

## *The foster carer's role*

Foster carers look after children by developing meaningful relationships in a safe and nurturing family environment. The stability, care and love provided by foster carers helps the child to achieve recovery and healing from past trauma and promotes resilience in order for the child to realise their full potential. A foster carer's relationships with other members of the team around the child should be based on mutual trust and respect.

**THIS CHARTER EXPLAINS WHAT ALL PARTIES CAN EXPECT FROM ONE ANOTHER.**

# WHAT FOSTER CARERS AND FOSTERING SERVICES CAN EXPECT FROM THE CORPORATE PARENT

## 1. *Working in partnership and valuing relationships*

We understand that we must provide foster carers with the best possible opportunity to give the children in our care a loving, stable home, and to enable those children to enjoy a positive, nurturing experience of family life – one that does not set them apart from their peers.

We must:

- treat foster carers as experts on the child and include them in all relevant meetings where planning and decision making affect them or the children they care for
- treat foster carers without discrimination and respect them as colleagues
- value foster carers' skills and expertise equally to those of other professionals
- embed the Keep Connected Principles into practice to support children to remain in contact with former foster families where it is in the best interest of the child.
- respect confidentiality.

## 2. *Information*

We know that information is vital in order for foster carers to provide care that meets the child's need.

We must:

- share, with the fostering service and/or foster carer, all the relevant information needed in order to care safely for the child and to support the child in fulfilling their potential
- provide this information in writing prior to the placement, or as soon as possible in the case of emergency placements
- secure clear and timely plans for the child's care.

## 3. *Clarity about decisions*

We recognise that in order for children to live a full family life, foster carers must be able to make decisions regarding the children they look after.

We must:

- ensure that foster carers are able to make everyday decisions that mean that their fostered child is not treated differently from their peers and can feel part of their family
- provide clarity about any decision foster carers cannot take at the outset so that everyone is clear about their respective responsibilities
- deal swiftly with any requests for decision making on matters that are outside of the foster carer's authority
